# Be the person to Acknowledge Country during a meeting

- Take time to think about what you are going to say
- Research what Nation you are on
- Research the history of the People's Nation you are on
- Relate it to the context e.g. a learning and teaching meeting could acknowledge *that "Yuggera and Turrbal People have taught on this land for tens of thousands of years and continue to pass on their extensive knowledge to the next generations"*
- Relate it to what is happening in community e.g. acknowledging a significant date or event.
